

Film Requirements

PSFCA Big 33 and East/West Selection

One of the most important factors in the Big 33 and East/West selection is:
Quality and a clear film of the player at the position he is being considered.

The Selection Process

1. **Quality film is the key.**
2. **The film must show the player at the position for which he is being considered.**
3. **No more than one player may be included for consideration on each film. If you have multiple players for consideration, you must send separate tapes on each player.**
4. **Highlight and Game Footage are required for each player. The highlight footage should be first followed by the game footage.**
5. **If you are nominating a player for both an Offensive and Defensive position, you must send one tape for offense and one tape for defense.**
6. **Film is reviewed by a position selection committee comprised of PSFCA Directors and the players are selected based on their performance.**

The PSFCA must receive the nomination form, highlight and game film for each player for each position by:- **Tuesday, December 2, 2008**
